WE ARE HERE FOR YOU	22

Dear family,

My name is Mary Mangan and I am the director and organiser of the study programmes in Ireland. For **more than 15 years** I have been designing unique educational experiences, created so that each student feels comfortable, safe, and motivated while learning English.

Over this time, I have worked as a teacher and as a **Cambridge-certified examiner**, which has allowed me to gain deep knowledge of the needs of both students and families, and to create programmes that combine high-quality teaching with a close and family-like environment.

Our residence-school is the heart of the project: a place where students receive **personalised attention in small groups**, always accompanied by tutors who make them feel at home. We take care of every detail so that the linguistic immersion is natural, fun, and enriching.

In this environment, your children will practise English from morning to night, integrating it into every moment: in class, at meals, in outdoor activities, and in games as a team. This way, the language becomes part of their daily life, not just a school subject.

At **C2 English School**, we believe that learning a language goes far beyond the classroom: it means living an authentic cultural experience, creating bonds, and discovering a new country while always feeling supported.

It will be a pleasure to meet you and accompany your children on a unique adventure of learning and personal growth in Ireland.

With warm regards,

*Mary Mangan*

## EPIC WEEKENDS

THE LONGEST EXCURSIONS IN IRELAND – MORE TIME, MORE FUN

Our adventures are even more unique thanks to our **private trailer with up to 12 bicycles:** allowing us to stop and cycle in stunning places across the country

Imagine cycling by the Atlantic coast, through green valleys, or past ancient castles – every ride becomes a little adventure within the adventure.”

Each weekend offers a new experience: the charm of **Galway**, the history of **Belfast**, the majesty of the **Cliffs of Moher**, and much more.

**We will explore Ireland's most iconic places in a safe and carefully guided way** – combining beauty, culture, and learning in every trip.

What makes our weekends truly unique is that we **include activities with Irish teens**, creating authentic friendships, real conversations, and unforgettable memories.

With our own private **minibuses**, we are not tied to external companies or fixed timetables: **we are free to shape each day as we wish.**

In summer, when the days in Ireland are wonderfully long, we **make the most of every excursion without having to return early.**

Sometimes we come back for dinner at 9 or even 10 pm, because it is fun – not the clock – that sets the rhythm of our adventures.

“If you want to improve your English and at the same time discover another culture, this is an experience I highly recommend.

Not only did I improve my English level, but I **also felt very welcomed, motivated, and happy**. Thanks to Mary and George, for their attention and care. It has been the best experience I’ve ever had in my life.”

Antonio Gallo 

“My daughter came back thrilled with her experience in Ireland. She made lots of friends from several countries and returned more confident in herself.

She not only improved her English, but also grew a lot on a personal level. The staff is very professional, attentive, and always available. Without doubt, a highly recommended experience.”

Emilia Salto 

“I loved everything about the trip! We did loads of fun activities every day and there was always time to relax in the evenings.

I made lots of friends, and my English improved so much thanks to the classes and daily conversations. It has been a wonderful experience!”

Victoria Galban 

“An excellent experience! It’s a different and fun way to discover Ireland while studying English.

**Mary and George are wonderful hosts**, always taking care of every detail. The residence is very welcoming, with a family atmosphere that makes you feel at home. Highly recommended!”

Luciano Raspini 

“My experience in Ireland was wonderful. I visited amazing places and had unforgettable experiences. The teachers are great, very professional, and classes were fun and engaging.

**I improved my English, met people from all over the world**, and most of all, enjoyed traveling and learning English.”

Lidia de Martino 

**We had the perfect little long weekend at Maria’s place for our anniversary.**

The cabin had everything we could have needed, was clean, cosy and we loved the little log fire. The bed was comfy and we had a great sleep all 3 nights.

There were necessities like milk and bread for us arriving plus Maria had gone the extra mile for our anniversary and left chocolates, prosecco, two cans of Guinness and confetti on the bed, it was so lovely! These little touches made everything even more special. We had the best weekend, cannot recommend highly enough and we would love to visit again!
